

**COLLEZIONE I CARRELLI** design: *Martin Streitenberger*

Si muovono le persone e con loro si muovono le cose per essere al loro servizio. È comodissimo un "servizio mobile" nell'ambiente bagno: accanto al lavandino per avere a portata di mano gli strumenti per la cura e il benessere del nostro corpo, gli asciugamani e la cosmetica; oppure a fianco della vasca, mentre si fa un bagno rilassante, per tenere lo shampoo e la spugna e perchè no un bicchiere di vino!

Collezione "I Carrelli" **OML** con il suo design lineare e contemporaneo, offre utilità, funzionalità ed eleganza per il bagno.

**I CARRELLI COLLECTION** design: *Martin Streitenberger*

As people move, objects at their service also move in unison.

A "mobile service" unit is very handy in the bathroom: next to the washbasin to have all you need for body care and treatment within reach, including towels and cosmetics; or, next to the bath tub, it can hold your shampoo and bath sponge while you soak in a warm bath, and why not! A glass of wine too!

Thanks to its linear and modern design, the "I Carrelli" collection **OML**, is a useful, functional and an elegant choice for the bathroom.

**COLLECTION I CARRELLI** design: *Martin Streitenberger*

Les gens se déplacent et avec eux, les choses pour se mettre à leur service. C'est très pratique d'avoir un "service mobile" dans la salle de bains: près du lavabo, pour avoir à portée de main les instruments pour la toilette et le bien-être de notre corps, les serviettes et cosmétiques; ou bien à côté de la baignoire, pendant que nous nous prélassons dans un bon bain, pour agripper le shampooing et l'éponge et pourquoi pas, un verre de vin!

Collection "I Carrelli" **OML** avec son design linéaire et contemporain propose utilité, fonctionnalité et élégance pour la salle de bains.

**KOLLEKTION I CARRELLI** design: *Martin Streitenberger*

Personen bewegen sich, und mit ihnen die Dinge, die sie benötigen. Ein "mobiles Möbel" im Bad ist nützlich und bequem: neben dem Waschbecken, um alles, was wir für die Pflege und das Wohlbefinden unseres Körpers brauchen, immer griffbereit zu haben; oder auch neben der Badewanne, um während eines entspannenden Bades shampoo, schwamm und - warum nicht - ein Glas Wein abstellen zu können.

Die Kollektion "I Carrelli" (Die Servierwagen) von **OML** mit ihrem linearen aktuellen Design ist praktisch und funktional und schenkt ihrem Badezimmer eine besondere Eleganz.

**COLECCIÓN I CARRELLI** design: *Martin Streitenberger*

Se mueven las personas y con ellas se mueven las cosas para ponerse a su servicio. Es cómodo un "servicio móvil" en el cuarto de baño: junto al lavabo, para tener a mano los instrumentos necesarios para el cuidado y el bienestar de nuestro cuerpo, las toallas y la cosmética; o bien junto a la bañera, mientras nos damos un baño relajante, para tener el champú y la esponja y, por qué no, una copa de vino!

La colección "I Carrelli" **OML**, con su design lineal y contemporáneo, ofrece utilidad, funcionalidad y elegancia para el cuarto de baño.

 wooden container in wenge colour*

# I CARRELLI

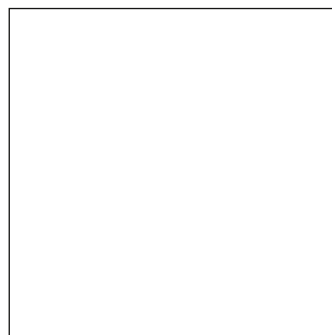

La collezione I Carrelli è realizzata in ottone cromato, i piani possono essere in cristallo trasparente, in cristallo extrachiario acidato. Il portabiancheria, il cassetto, il contenitore a tre sponde, sono realizzati in MDF impiellaciato con essenza di rovere chiaro, rovere colore vengè, ciliegio, l'anta del portabiancheria e la parte frontale del cassetto sono in multistrato.

*The I Carrelli collection is made of chromium-plated brass, the shelves are transparent crystal glass, or extra clear frosted crystal glass. The laundry basket unit, drawer, the three-sided container are made of MDF with pale bay oak veneer, wenge colour bay oak, cherry. The laundry basket door and front part of the drawer are made of multilayer panel.*
